All Star Cheer and Dance Teams

All Star Teams are formed for competition purposes. The age of the athletes as of May 31, 2008 will be the age used for competition purposes for all divisions. Elite Cheerleading Inc. will abide by the United States All Star Federation rules and regulations.

Combining and Splitting All Star Cheer Divisions

In accordance with the USASF:

- For previously designated "Small" and "Large" divisions based on total team size, Elite Cheerleading Inc. will combine "Small" and "Large" teams into one division when there are not at least 2 teams registered for each of these respective divisions. (Exception: Divisions will not be combined if a gym has both a "Small" and a "Large" team competing in the same category, so as to avoid having a gym compete against itself.
- For divisions that have not previously been designated "Small" and "Large" based on total team size, Elite Cheerleading Inc. will split the division into "Small" and "Large" divisions when there are at least 3 teams that will ultimately be registered in each respective division. The number of 5-20 ("Small") and 21-36 ("Large") will be used as an initial guideline to split divisions.
- Elite Cheerleading Inc. may further split divisions according to overall team size should total number of teams and the variance of number of performers on each team warrant this. Elite Cheerleading Inc. may not split "Small" and "Large" divisions further if there are less than 15 teams in the division. We may only further subdivide if there are 15 or more teams in the division. Should divisions be split to anything besides 5-20 ("Small") and ("Large"), Elite Cheerleading Inc. must use a name such as "Division 1", "Division 2", or "Division A", "Division B" to denote the split and must clearly define the number of competitors permitted on the team for each of these particular divisions. No division may be subdivided further from the "Small" (5-20) and "Large" (21-36) classification if it means that only two teams will be left in a division.
- For Co-ed divisions that have not been previously designated "Limited" and "Unlimited" based on total number of males on the team, Elite Cheerleading Inc. may split the division into "Limited" and "Unlimited" when there are at least 3 teams that will ultimately be registered in each respective division. This excludes the "Junior" level. The number of 1-4 Males ("Limited") and 5+ Males ("Unlimited") will be used as the initial guideline to split these divisions. A "Semi-Limited" (5-12 Males) designation may be used if there are at least 2 teams for this division as well. A Co-ed division may be further split into "Small" (5-20 members) and "Large" (21-36 members) when there are at least 2 teams that will ultimately be registered in each respective division.
- Junior Co-Ed at all levels will be combined with their similar All-Girl divisions (Small Junior, Large Junior) if there are not at least two or more team in the Junior Co-Ed divisions for that level.
- Senior Open at all levels will be combined with their similar "Senior" divisions (Small Senior,

- Large Senior, Senior Coed) if there are not at least 2 or more teams in that division for that level.
- Elite Cheerleading Inc. will split these divisions into Small Senior Open and Large Senior and/or Senior Open and Senior Co-Ed Open when there are at least 3 teams that will ultimately be registered in each respective division.

Individual/Group Stunt/ Partner Stunt Competition

- The age, level and female/male restrictions designated according to USASF must remain in place for “Group Stunt”, “Partner Stunt” and “Individual” competitions (i.e. no Mini Stunt Group may perform at Level 5).

Dancers must be enrolled in a traditional first or secondary school or officially sanctioned home school program. School or Recreation Teams may choose to compete in an All Star Division.
